

An often-overlooked aspect of your dental experience is a clear understanding of the financial choices or payment terms available. In an effort to strengthen that part of our service, we have established the following guidelines:

PAYMENT

Payment is due at the time treatment is rendered.

EXTENDED PAYMENT

We recognize that full payment may not always be possible. For more expensive procedures such as bridges, dentures and/or root canal therapy. We require that a 50% payment be made at the first appointment, the remaining balance to be paid in full upon completion.

We offer *Care Credit* and would be happy to instruct you on the application process.

INSURANCE

Our office will file your insurance claims for you; however, it is the responsibility of the patient to supply the necessary information to complete the claim form correctly. If your insurance doesn't cover the service rendered at 100 percent, we expect the remaining balance to be paid on the day of treatment unless other arrangements have been made. Any outstanding balance is ultimately the patient's responsibility.

OTHER

Additional charges will be made for broken appointments or repeatedly canceled appointment without a 24 hour notice

A service fee of %18 will apply to balances after 90 days.

I understand and accept the above financial payment terms
